

# PROJECT FOR POOR'S DEAD BODY IN INDIA

**Importance of projects** : و لقد كرّمنا بني آدم م

And We have certainly honored the children of Adam (Al-Qura'an : 17:70)

## Details of Project-

Assalamu aaikum Wa Ramatullah wa Barkatuh

As it is known that Covid- 19 has taken the world in its grip and the people are dying in large number every day. WHO has released the guidelines to bury the person dies due to Covid- 19 as it is wrapped in a cloth by the hospital (without any Islamic ceremony) which is the insult of human body and is against humanity as well. We cannot bury the body according to Islamic teachings (like bathing and shroud) but at least we can give some respect. So **World Peace Organisation** is providing coffins to the poor who cannot bear the expense of it. To get ready one coffin it costs 3500 in Indian currency and we need 10to15 coffins everyday only in Delhi city. So kindly extend your hand to **World Peace Organisation**. May Allah give happiness in the both of worlds.

Note: **World Peace Organisation** is registered under FCRA Home Ministry Government of India and faces no any problem in receiving funds from another country.
